

ORDER

vZTL AIR ROUTE TRAFFIC CONTROL CENTER

vZTL 7231.1A

vZTL: ATLANTA DIVISION VATUSA

Air Traffic Organization Directive

Effective Date:
December 1, 2013

SUBJ: Controller and Pilot Teamspeak Server

1. Foreword

The vZTL & vZID Controller and Pilot Teamspeak Server is dedicated to the members of the VATSIM network. One of the main goals of the TeamSpeak server is to create an environment where members can communicate with each other for various purposes using live voice. Some of these purposes include coordination, training, staff meetings, as well as general chat. This order provides internal direction and guidance of user conduct on the vZTL/vZID teamspeak server. This document serves as a supplement to the requirements prescribed by VATSIM, VATUSA, vZTL and vZID. All teamspeak users shall familiarize themselves with the provisions of this order and perform in accordance.

William Lewis
Server Administrator
